Experience

- Crest Infosystems Pvt. Ltd.

February 2023 – July 2026

Led UI/UX design initiatives for enterprise applications, SaaS platforms, and modern web solutions while mentoring and guiding junior designers. Designed user-centric interfaces, wireframes, interactive prototypes, and scalable design systems using Figma and Adobe XD. Worked on Figma-to-React conversion workflows and WordPress CMS design to ensure accurate frontend implementation. Collaborated with developers, product managers, and stakeholders to deliver responsive, accessible, and engaging digital experiences while leveraging AI-powered tools to enhance design efficiency and innovation.
- Letmegrab Pvt. Ltd.

November 2022 – February 2023

Designed intuitive and conversion-focused interfaces for eCommerce and marketplace platforms. Created responsive web and mobile designs, ensured brand consistency, optimized user experience, and collaborated with developers for smooth implementation.
- Differenz System Pvt. Ltd.

September 2021 – October 2022

Designed user-centric web applications, mobile app interfaces, and corporate websites with a focus on usability and engagement. Created wireframes, user flows, sitemaps, and interactive prototypes to streamline user journeys and validate design concepts. Conducted UX analysis and usability testing using low- and high-fidelity prototypes to enhance user experience. Developed visually appealing graphics and modern UI layouts aligned with business goals and brand standards.
- Tenacious Techies Pvt. Ltd.

June 2020 – September 2021

Designed responsive websites and user-friendly UI components across various business domains, ensuring optimal usability and performance. Developed and implemented frontend interfaces using HTML, CSS, Bootstrap, and JavaScript. Created clean, engaging, and visually appealing user experiences focused on customer satisfaction and business objectives. Collaborated closely with cross-functional teams to maintain, enhance, and deliver high-quality web projects.
- Megneto IT Solution

January 2019 – April 2020

Started my professional career as a Web Designer, creating modern website layouts, responsive webpages, and digital assets for both internal and client projects. Assisted in frontend development and UI enhancements using HTML, CSS, and JavaScript while ensuring responsive and user-friendly experiences across devices. Gained strong foundational experience in web design, usability principles, visual design, and responsive development, contributing to the successful delivery of engaging digital solutions.
